

INVITES PUBLIC ATTENDANCE IN CIRCUIT COURT

Independent Camp, Modern Woodmen, Will Have Charge of Naturalization Exercises.

The general public, both men and women, are urged to attend the naturalization exercises at the circuit court house this evening, according to a statement issued by the program committee. The legal ceremonies, which, in themselves, will be interesting, will be supplemented by a carefully prepared patriotic program rendered by first-class talent. This feature is scheduled to begin promptly at 8 o'clock and will be under the auspices of Independence camp, No. 26, Modern Woodmen of America.

The address to the class of candidates for final papers will be delivered by Head Consul A. R. Talbot of the Modern Woodmen of America. Mr. Talbot, besides being the executive head of the largest fraternal insurance order in America, is an orator of national reputation, and his eloquence has swayed the emotions of hundreds of audiences all over the United States, says the committee. It is not often that such an opportunity is presented to the people of this community, and the occasion will undoubtedly afford the speaker an incentive to deliver one of the most forcible addresses of his career. Fred C. Schlotfeldt, chief naturalization examiner for the Chicago district, will also speak, and there will be music and readings by well-known talent.

"We have taken great pains to prepare a program of unusual merit in connection with this evening's entertainment," said Chairman Marx Harrier today, "and we want every man and woman in Rock Island to feel that they have a personal invitation to be present. We believe it will be well worth while."

Urges General Response. One hundred seventeen foreign-born residents of the county will receive their papers at the hands of the presiding judge and the exercises will be of a nature to impress upon them the seriousness of the step they are taking. The committee suggests that the interest shown by the public in this special observance will have an important effect on the future loyalty and Americanism of the newly admitted citizens, and for that reason as well as on account of the excellence of the program, it urges a general response to its invitation.

The exercises will be held in the circuit court room and will be interpolated in connection with the regular sitting of the September term of court.

SEVERELY HURT WHEN BUGGY AND MACHINE COLLIDE

(Special to The Argus).

Orion, Ill., Sept. 15.—Morris Johnson, who lives four miles southeast of Orion, suffered serious injuries when the buggy in which he was riding collided with an automobile driven by Berald Johnson of Sunny Hill.

Mr. Johnson was thrown from his buggy and was unconscious for several hours. He was severely bruised about the head and body, but his condition is reported to be better today. He will recover.

AIRPLANE FALLS AT ERIE SUNDAY; OFFICERS HURT

Lieutenant R. J. Pierson of Erie and Charles Hall, Slightly Injured When Machine Drops.

Lieutenant Raymond J. Pierson, pilot of one of the 13 planes which are making the trans-continental flight and Lieutenant Charles Hall, mechanic, were both slightly injured at 2:30 yesterday afternoon when their plane fell 500 feet on Lieutenant Pierson's parents' farm near Erie, Ill.

The officer and mechanic were testing the gasoline in the machine at the time of the accident. Bad gas was the cause of the accident. The plane was demolished, but hopes are held out there may be a

possible chance to repair it. Lieutenant Pierson was home on a two-day furlough to visit his parents, Dr. and Mrs. C. J. Pierson of Erie, and friends in Rock Island. They had left their fleet in Chicago and made the trip by air to Erie, a distance of 135 miles, in 50 minutes Friday night. They were to leave this morning for Milwaukee.

Attracts a Crowd.

Hundreds of people for miles around Erie gathered around the plane yesterday. After news of the accident had spread, hundreds more rushed to the Pierson country home. The officers' injuries were slight. They will remain in Erie and Rock Island for several days. Lieutenant Pierson has the distinguished honor of being pilot with the 13 planes which are on a year's tour of the continent. The tour started six weeks ago. Lieutenant Pierson was injured three weeks ago at Columbus, Ohio, when the plane he was piloting was burned.

SALESMAN TAKEN FROM TRAIN AT ORION VERY ILL

(Special to The Argus).

Orion, Ill., Sept. 15.—Adolph Hermite, a shoe salesman for a Chicago firm, who resides in Burlington, Iowa, was taken from the Peoria train of the Rock Island lines here at 7:10 last evening in a semi-paralyzed condition. He was rushed to the office of Dr. H. H. Long, and after receiving medical attention was later removed to the home of Miss Nina Wright.

This morning he is reported much improved, though he spent a restless night. His condition is believed to have been caused by the taking of two hypodermics earlier

in the day to relieve a severe headache, which he was suffering. He had been visiting with his brother-in-law, Mr. Wallace, of the Wallace studio, Cambridge.

TWO MEXICANS IN COLORADO TAKEN OUT AND LYNCHED

Pueblo, Sept. 15.—Two Mexicans were taken from the city jail Saturday night by a mob of armed citizens, driven in an automobile to the Fourth street bridge, at the city limits, and hanged.

The bodies were found 45 minutes after their capture. The lynching followed the arrest of two Mexicans charged with the murder today of Patrolman Jeff Evans.

The two men, Jose Gonzalez and

Santos Ortiz, section hands, were arrested Saturday. Reports that the men had been transferred to the county jail and that two other Mexicans had been hanged proved erroneous.

PAY RANSOM FOR YANK.

El Paso, Sept. 15.—Six thousand dollars in gold was paid Mexican for the release of Dr. J. Smith, an American, and E. Munson, believed to be a subject of Sweden, who were taken from a train near Santa Eulalia, Chihuahua, according to telegrams from Chihuahua City.

GERMAN RED ASSASSINATED.

Berlin, Sept. 15.—Hammer, the notorious spartan leader at Essen and chief instigator of the general strike last February, and in-surrection in Ruhr district, had been assassinated.

Do You Remember Gasless Sundays?

NO better way could be found to illustrate and emphasize the usefulness of the Standard Oil Company (Indiana), and the broad and varied service it renders, than to take five minutes and imagine a gasless year.

Think how our lives instead of being full and complete through association with our fellow men would be circumscribed by the barriers set up by shank's mare.

Think how manufacturing would be hampered. How industry generally would be crippled. How crops would go to waste through inability to harvest, and the leaps and bounds that the cost of living would take.

Instead of the natural expansion of business that comes from service and usefulness, the whole structure of business would be hampered through sheer inability to render to society that service which society has been accustomed to demand.

The Standard Oil Company (Indiana) is a public servant owned by 4649 stockholders, no one of whom holds as much as 10 percent of the stock.

The Standard Oil Company (Indiana) is doing a big job in a big way and has grown great simply by reaping the rewards that come from rendering the service demanded by business and society in a manner satisfactory and beneficial to the world at large.
